

# Welcome to the first WVD Vasectomy Update Webinar

March 20th, 10:00 a.m.-11:00 a.m. (EST)

## Chronic Post-Vasectomy Pain Syndrome Does Exist: An evidence based management algorithm

At the end of the Webinar, the participants will be able to:

1. Formulate a treatment plan for patients presenting with chronic post vasectomy pain based on recent published literature (publications on PubMed from 2000 to present) on possible pathophysiologic mechanisms for the cause of this pain.
2. Critically analyze recent publications (publications on PubMed from 2000 to present) on various treatment algorithms and treatment options for patients with chronic post vasectomy pain.
3. Perform simulated case-management on real life case studies presented during the presentation to develop expertise in managing patients with chronic post vasectomy pain.

**Dr. Sijo Parekattil**

**10:00-10:30 a.m.**

## Accessible Snips: How to make vasectomy cheap and simple

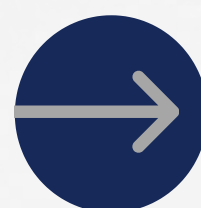

**Dr. Dhammika Perera**  
[view bio](#)

**10:30 - 11:00 a.m.**

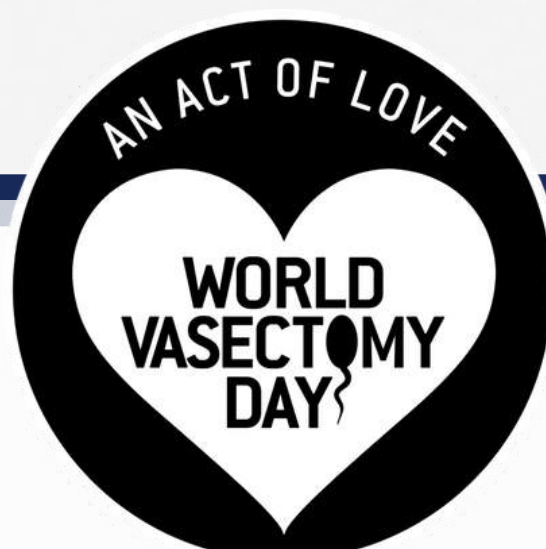

At the end of the Webinar, the participants will be able to:

1. Explain how to provide vasectomy truly cheaply.
2. Describe what a truly global vasectomy standard/guideline could look like.
3. Discuss the pros and cons of standardising the practice of vasectomy.

**This Webinar will be moderated by  
Dr. Michel Labrecque and Dr. Doug Stein**

**Sign Up to participate**

The Vasectomy Update Webinar sessions are accredited by Université Laval, Quebec City, Canada. If you're interested in receiving CME credits, [click here](#).
