

Welcome to the second WVD Vasectomy Update Webinar

Scheduled to accommodate (most of...) the whole planet!

June 12, 2021

14:00h - 15:00h (COT Colombia-Mexico D.F.)

15:00h - 16:00h (EDT Montreal-New York)

19:00h - 20:00h (UTC United Kingdom)

June 13, 2021

7:00 - 8:00 a.m. (NZST New Zealand)

**Post-Vasectomy Infections: Incidence, Prevention, Diagnosis, and Treatment
An International Perspective From Four Countries.**

Learning Objectives:

At the end of the webinar the participants will be able:

1. To describe the types of post-vasectomy infections experienced in four vasectomy practices from Canada, Colombia, New Zealand, and the United Kingdom, and the relative incidences of each type.
2. To compare the effectiveness of various approaches to prevent post-vasectomy infections.
3. To select appropriate treatment for post vasectomy infection.
4. To describe ways to collect audit data and use it to evaluate infection incidence, infection types, preventive approaches, and treatments of post-vasectomy infections.

Presenters:

New Zealand

Dr. Simon Snook. UK trained sexual and reproductive health specialist and vasectomist. He started SNIP Vasectomy Clinic in New Zealand in 2005 and has over 10,000 vasectomies completed. His other main medical interest is male and female sexual dysfunction.

United Kingdom

Dr. Gareth James, is a UK trained GP who, started community Vasectomies in 1999 and, retrained in NSV in 2003. He retired from operating in 2017 (and nearly 3,000 vasectomies) due to eye issues (now finally fixed). He leads the Audit activities for the Association of Surgeons in Primary Care (ASPC) since 2008, - collecting data on over 80,000 vasectomies.

Canada

Dr. Michel Labrecque is an emeritus professor at Laval University in Quebec City, Canada, and a world-renowned expert in male contraception. Among the first physicians to introduce NSV in Canada in 1992, he has performed over 35,000 vasectomies to date. A sought-after teacher and speaker, he collaborates with various governmental and non-governmental organizations to promote high quality vasectomy services.
